Desired Employment

Web Developer, Front-End and Back-End Coder

Work Experience

Date	April 2009 – present
Name and address of employer	Affinity Bridge. 710 - 207 W. Hastings St., Vancouver, BC
Position	Web Developer
Main activities and responsibilities	As the main front-end developer my duty was to cover all necessary tasks for the creation of each theme required for the multiple Drupal sites that the company was responsible for. My code mainly involved PHP, CSS, and JavaScript code.
Date	March 2008 – April 2009
Name and address of employer	NowPublic Technologies Inc. 204-575 Seymour St, Vancouver, BC (<i>Emmy nominee 2009</i>)
Position	Web Developer, User Interface/Front End Developer
Main activities and responsibilities	Designed and managed all of NowPublic's CSS/HTML structure to maintain flexibility and efficiency with multiple developers working simultaneously. Created PHP templates for Drupal, worked with different CSS frameworks like YAML and Blueprint, used jQuery library for JavaScript code.
Date	October 2007 – March 2008
Name and address of employer	Burnkit Creative Inc. 100-395 Alexander St, Vancouver, BC
Position	Web Developer, Front-End Coder
Main activities and responsibilities	Produced hand-coded XHTML/CSS and JavaScript, proficiency with cross-browser & cross-platform issues; responsible for the creation and maintenance for the PHP, MySQL, and JavaScript/jQuery code.
Date	December 2006 – October 2007
Name and address of employer	Industrial Brand Creative Inc. , Suit 106, 336 East 1 st Ave. Vancouver BC Invoke Media , 37 Dunlevy Ave, Vancouver, BC Burnkit Creative Inc. 100-395 Alexander St, Vancouver, BC Vibrant Software , 435 West Hastings St, Vancouver, BC
Position	Freelance Web Developer, Front-End and Back-End Coder
Main activities and responsibilities	PHP and CSS coder; responsible for installations and configuration of the CMS Wordpress for the development of various websites; migration of Photoshop mockups into XHTML/CSS templates; experience with Zend framework, Smarty template framework, and jQuery.

Date	June 2005 – December 2005
Name and address of employer	Siemens Ltd. , Fitzwilliam Court, Leeson Close, Dublin, Ireland
Position	Intern/Assistant to Medical Solutions, Web Developer
Main activities and responsibilities	Developed a website for the biology department of University College Dublin as part of a team of four BioInformatics. Our goal was to develop a website, constructed through Nevow language, to allow biologists better communication in the study of proteins through an internal communication system. For more specific details please access www.proteomics.ucd.ie
Date	November 2004 – January 2005
Name and address of employer	IBM , Dublin, Ireland.
Position	General Operative
Main activities and responsibilities	Assembled both “iSeries” and “pSeries” servers within a production line which allowed me to familiarize myself with the architecture of servers and computers in general, as well as quick, practical handling experience.
Date	October 2003 – October 2004
Name and address of employer	Boulder Hall Canarias Climb . Plaza Luciano Ramos Diaz, Portón 5, Local 3. La Laguna, Spain.
Position	Business Owner, Self-Employed
Main activities and responsibilities	Organized major sporting events (Raids, Aquathlons, etc.), involved in accounting, customer service, personal training, built the business from the ground up, including construction of a full climbing gym.
Date	June 2002 – October 2004
Name and address of employer	Byte Canarias Ltd . C/ La Cruz, 2 38260 – Tejina. Tenerife, Spain.
Position	Business Owner, Self-Employed
Main activities and responsibilities	Involved in all aspects of running one’s own business including, computer assembly, managing computer repairs, solving hardware and software problems, serving customers, accounting, consulting for clients, product sales, ordering, house calls. Also devoted a significant part of my time to network maintenance and the development of websites.
Date	July 2001 – February 2002
Name and address of employer	Pymesoft . C/ La X, 12. 38005 - S/C de Tenerife. Tenerife, Spain.
Position	Junior Computer Programmer
Main activities and responsibilities	As my first work experience, developed a specific Software Application Program for retail Sales, using Delphi 3.
